L&L brings on Metzger for acquisitions slot

L&L Holding Company [3] appointed Adam Metzger as a v.p. of acquisitions, the company announced. Metzger will focus on sourcing and evaluating new investment opportunities for L&L, which owns and operates a Manhattan commercial portfolio of more than six million square feet. He will also be part of the L&L team that handles debt and equity capital raises and executes renovation and leasing plans for all new acquisitions.

Metzger comes to L&L after spending the past year as an independent real estate advisor. Prior to that, he served at Normandy Real Estate Partners for six years. Previously, he worked on M&A advisory and capital raising in the Real Estate Investment Banking group at Deutsche Bank.
